### 3. QUALITY CRITERIA

| Defects                                                  | Max. Tolerances as % of fruit for 1st category) |
|----------------------------------------------------------|-------------------------------------------------|
| Harmless Extraneous material (unit)                      | 2                                               |
| Stems (unit)                                             | 4                                               |
| Blemishes and wrinkles (percentage)                      | 25                                              |
| Pit or pit fragments                                     | 1                                               |
| Soft and excessive soft (percentage)                     | 10/5                                            |
| Broken pieces among Segmented/Sliced olives (Percentage) | 50                                              |

### 4. ORGANOLEPTICAL CRITERIA

| parameters        | criteria                                                                                                    |
|-------------------|-------------------------------------------------------------------------------------------------------------|
| <b>appearance</b> | Green olives cut into slices- rings. Small pieces of the olive's debris are possible to float in the brine. |
| <b>colour</b>     | Green to green- yellow olives.                                                                              |
| <b>aroma</b>      | Typical aroma of the variety, no off odour or taints.                                                       |
| <b>flavour</b>    | Typical taste of salted fermented green olives with no bitterness, off flavour or chemical taints.          |
| <b>texture</b>    | The olives have firm texture.                                                                               |
| <b>brine</b>      | The brine is coloured light green - yellow by the substances of the olives which are dissolved in it.       |

## **7. NON-GMO DECLARATION**

### **1. General statement**

Our Company guarantees that this product is considered as a non-GMO product according to the definition for GMO stated in EU Directive No 2001/18, art. 2 and thus requires no GMO-labelling, in accordance with EU Regulation (EC) No 1829/2003 and EU Regulation (EC) No 1830/2003. Our objective is to avoid genetically modified ingredients in our products. No GM-techniques are used for the production. When purchasing raw materials, we look for non-GMO raw materials subject to the EU definition above, based on the GMO information we receive from our suppliers

### **2. Use of foodstuffs containing GMO or produced using GMO**

Our Company guarantees that the products sold contain no ingredients or additives originating from transgenic plants.

## **8. NOT IONIZED PRODUCTS DECLARATION**

The product or any of its ingredients is not ionized.

## **9. INTENDED USE**

The product is ready for human consumption.

## **10. PRODUCT HANDLING REQUIREMENTS**

- The finished pallets are stored in the warehouse at ambient condition, protected from direct sunlight and high humidity.
- Keep the olives always covered with brine.
- Once opened keep refrigerated and consume within 14 days.

## **11. SHELF LIFE OF THE PRODUCT**

3 years after the production date.

#### **12. PACKAGING: LABEL**

According to the EU regulation 1169/2011 the label includes the following information:

- Manufacturer information
- Product description
- Size
- Ingredients
- Production date, Lot number, Best before
- Drained weight, Net weight
- Country of origin

#### **13. DATE CODING / TRACEABILITY**

Lot number: MMM/YY

Where:

MMM: the months code &

YY: the year of the processing date.

Processing date: DD/MM/YYYY

#### **14. PACKAGING: UNIT**

Packaging type: Lithographed "Calypso" tin

Packaging volume: 4.5Lt

Drained weight: 2.0 Kg

Net weight: 4.25 Kg

#### **15. PACKAGING: OUTER CARTON**

The tins are shrinked in triplets.

#### **16. PACKAGING: PALLET 120x80cm**

Triplets per layer: 11

Layers per pallet: 5

Tins per pallet: 165

**Validity date:**

**23.09.2025**
